Subject: litigation search for 11/430304; and 10/805368 (6,980,764)

Hi there. I'm examining a reissue application, 11430304, from parent application 10/805368, which was issued as patent # 6,980,764.

I need a litigation search for both the current application and the parent.

Thanks in advance,

Geoff Evans
